

Volt: Green is the new gold

The new Chevrolet Volt outsmarts the competition in more ways than one. Don't just take our word for it. *Green Car Journal* picked the new Volt as the 2016 Green Car of the Year³. And Chevrolet expects owners will drive 1,000 miles¹ between fill-ups with regular charging. From efficiency to style, technology and advanced safety, driving a Volt is like bringing home the gold.
