Road hazards are often hard to anticipate. But with the Chevrolet Tire Protection Plan, you'll have peace of mind that covered road hazards will be met with exceptional care and remarkable coverage. You trust your tires to handle the road. Get a trusted service contract to help protect them.

Coverage

- Available on eligible tires (see service contract for details)
- Begins on the date of purchase as shown on the Registration Page
- Coverage is available for 36 months or 60 months from the date of purchase
- Repaired/installed by Chevrolet Certified Service experts

Tire Repair

If your tire is damaged due to a covered road hazard, the repair will be covered up to \$25 per occurrence. Reimbursement is limited to two tire repair claims during the coverage term.

Tire Replacement

If your tire is damaged due to a covered road hazard and cannot be safely repaired, it will be replaced with one of equal or similar features and functionality. The service contract will pay for the following services, up to \$15 total per covered tire replacement: mounting, balancing, valve stem, Tire Pressure Monitoring System, and taxes.

No Deductible

Authorized repairs or replacements are covered without requiring the payment of a deductible.

Limitations

The total amount that the service contract will pay for all claims will not exceed the lesser of the original purchase price of the covered tire as shown on the original receipt; OR \$399 per covered tire; OR the current retail price of the covered tire; OR one replacement of your covered tire in the event that the covered tire cannot be repaired.

Note: In the event your tire sustains covered damage, take the vehicle to the Chevrolet dealership where you purchased the tire. You must maintain your vehicle and the covered tire per the manufacturer's specifications.
