Blazer RS in Cajun Red Tintcoat (extra-cost color) with available features including 21-inch Gloss Black-painted aluminum wheels.

IT SPEAKS FOR ITSELF.

Words are barely needed to describe the 2020 Chevrolet Blazer. Sculpted and sleek with a roomy, driver-centric interior, one look tells you this SUV has the soul of a sports car. The lineup ranges from the well-equipped LT to the sport-tuned RS to the sophisticated and upscale Premier. Performance is found in the form of three available engine options, including the 308-horsepower V6 or a new turbocharged 2.0L engine! We think you’ll agree that Blazer is the SUV that will have everyone talking.

1 Late availability.

FIND NEW ROADS™
MODELS

LT
Blazer LT is the modern and muscular SUV you’ve been waiting for.

A signature Black grille with chrome header and standard 18-inch wheels announce your arrival, while a rounded dual-outlet exhaust provides a memorable exit. An efficient 2.5L engine is featured on 1LT, and 2LT and 3LT are powered by the standard new 2.0L Turbo or an available 3.6L V6. Inside, Premium Cloth or available leather-appointed seating surfaces offer a comfortable oasis during your travels.

RS
Street-inspired and ready to roll, RS looks like it’s in motion even when it’s standing still.

A custom Black mesh grille with a unique hexagonal design, Black Ice Chrome header and Black bowtie emblem set the tone. The standard 308-horsepower 3.6L engine, a rectangular dual-outlet exhaust, and 20-inch machined-face aluminum wheels or available 21-inch Gloss Black-painted aluminum wheels (shown) continue the sporty theme. An RS-exclusive Red-accented interior is highlighted by perforated leather-appointed seating surfaces and heated front seats.

† Late availability.
PREMIER
Style and luxury defined, Premier lives up to its name.

An elevated exterior appearance comes in the form of a signature bright chrome-accented grille with chrome header, Silver-painted roof rails and chrome-accented door handles. 20-inch aluminum wheels or available 21-inch Pearl Nickel-painted aluminum wheels (shown) and an integrated rectangular dual-outlet exhaust extend the upscale experience, while a standard V6 engine provides the performance.

The Premier-exclusive Maple Sugar or Jet Black interior features unique perforated leather-appointed seating surfaces with sueded microfiber inserts. Heated and ventilated front seats and heated rear outboard seats are only the beginning of the luxurious touches you'll find inside Premier.
Blazer RS in Cajun Red Tintcoat (extra-cost color) with available features including 21-inch Gloss Black-painted aluminum wheels.
EXTERIOR DESIGN

LOOKS THAT THRILL.

Boasting a muscular profile and aggressive design appeal that draws on the Chevrolet performance heritage, Blazer stands out from other SUVs with a bold look and powerful presence.

Ultra-thin LED daytime running lamps above the headlamps provide an eye-catching look any time of day. High-intensity discharge (HID) headlamps offer crisp, bright illumination.

LED taillamps wrap around the liftgate and bodysides, producing a high-tech appearance.

You’ll find a variety of 18-, 20- and 21-inch wheels are standard or available on 3LT, RS and Premier, including the optional 21-inch Gloss Black-painted aluminum wheels shown here on RS.

A dual-outlet exhaust is standard: Blazer L and LT feature round outlets, RS showcases rectangular outlets and Premier has outlets that are integrated through the fascia.
INTERIOR DESIGN

UNDERSTATED IS OVERRATED.

Premier features perforated leather-appointed seating surfaces with sueded microfiber inserts. Chrome touches and bright front sill plates add an air of sophistication as you enter and exit.

In every Blazer, intuitive driver-focused controls, switches and features are within easy reach. Camaro-inspired air outlets feature rotating dials for quick, intuitive climate control.

Heated front seats provide a warm embrace in RS and Premier. The comfort level is raised even higher on Premier with standard ventilated front seats and heated rear outboard seats, features that are available on RS.

A Bose premium 8-speaker audio system brings high-quality sound wherever you travel. Standard on Premier; available on 3LT and RS.

On RS and Premier, True White ambient light pipes on the passenger side and below the front door handles combine with LED lighting in the center console to provide functional sophistication.
INTERIOR DESIGN

YOUR EVERYDAY GETAWAY VEHICLE.

A Jet Black interior with leather-appointed seating surfaces welcomes you into RS. Perforations in the seat cushions reveal Red accents. The theme continues with Red piping on the seats and Red-tinted chrome accents.

Whenever the vehicle is on and it is cold outside, an automatic heated steering wheel senses the interior temperature and cycles on or off as necessary for hands-on comfort. Standard on RS and Premier.

The second-row seats slide up to 5.5 inches forward or rearward to provide more passenger room or additional cargo space. Each rear seat also reclines for added comfort or folds flat to create room for longer, larger items.

You can use your inside voice in Blazer. Active Noise Cancellation uses sound waves to help counteract unwanted engine noise. Combined with a honed exterior that helps reduce wind noise and numerous other acoustic enhancements, Blazer is a quiet place for a conversation, whether you’re using the hands-free phone function or talking to people in the second row.

Rear Seat Reminder¹ provides alerts to double-check for valuable items left behind. It activates when the rear doors are opened and closed up to 10 minutes before or anytime while your vehicle is on, so when you turn off the vehicle under certain conditions, a chime sounds and a message appears in the Driver Information Center.

¹ Does not detect people or items. Always check rear seat before exiting.
THE POWER OF THREE.

Choose from a trio of available dynamic engines, each paired with a smooth-shifting, efficient 9-speed automatic transmission:

• A 3.6L V6 engine, standard on RS and Premier and available on 2LT and 3LT, generates 308 horsepower and 270 lb.-ft. of torque, with an EPA-estimated 19 MPG city/26 highway. AWD models with this engine can tow up to 4,500 lbs.1

• A new 2.0L Turbo, standard on 2LT and 3LT front-wheel-drive and all-wheel-drive models, creates 230 horsepower and 258 lb.-ft. of torque.

• A 2.5L engine, standard on L and 1LT, offers 193 horsepower and 188 lb.-ft. of torque, with an EPA-estimated 21 MPG city/27 highway.

1 Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner’s Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. 2 Late availability.
PERFORMANCE

CONFIDENCE AND CONTROL THROUGH THE CURVES.

RS and Premier offer the Advanced Twin-Clutch All-Wheel Drive system, which helps improve driver control by guiding torque to the rear wheel with the best traction in poor road conditions.

You can adjust performance based on road and surface conditions with the simple turn of the Traction Select System dial. Up to five modes are available: TOUR is your setting for everyday driving and the best fuel efficiency; SPORT brings performance and handling to the forefront; OFF-ROAD is only for AWD models and distributes torque in an optimal manner for improved performance on gravel or loose dirt; AWD or SNOW/ICE (FWD models) helps offer better control when snow and ice make road conditions slippery; and TOW/HAUL (3.6L AWD models) helps keep Blazer in a lower gear, offering more torque when you’re pulling a trailer.

When the windshield wipers are activated, the standard Auto-Dry Brakes feature automatically positions the brake pads closer to the rotors to sweep away moisture and help improve brake performance. Every Blazer also has front and rear disc brakes with large Duralife® rotors and 4-channel antilock brakes.

1 EPA-estimated MPG city/highway: 21/27 (2.5L FWD), 19/26 (3.6L FWD), 18/25 (3.6L AWD). Fuel economy estimates not available at time of printing for 2.0L engine.
Blazer RS in Cajun Red Tintcoat (extra-cost color) with available features including 21-inch Gloss Black-painted aluminum wheels.

**CAPABILITY**

OPEN A WORLD OF POSSIBILITIES.

Getting inside Blazer is a breeze with standard Keyless Open and Start and an available power liftgate that provides access to **64.2 cubic feet of maximum cargo space**!

You’ll find two-tier storage solutions in the front doors as well as bins under the armrest and around the interior. In the cargo area, push hooks help secure grocery bags, and there’s a hidden space beneath the floor.

An available **Cargo Management System** features a floor-mounted rail system with an easily adjusted cargo fence to help secure gear when traveling. Standard on Premier and available on RS.

1 With the rear seats folded down. Cargo and load capacity limited by weight and distribution.
Hands-free gesture power liftgate standard on RS and Premier.

Electronic locking glove box.

Multiple full-size loaded golf bags can fit horizontally across the cargo area.
Apple CarPlay™ compatibility for your iPhone® (shown) and Android Auto™ compatibility.

Available 8-inch diagonal customizable Driver Information Center.

Available myChevrolet Mobile App includes remote vehicle start if properly equipped (requires paid plan).
YOUR CONNECTED LIFE.

- The Chevrolet Infotainment 3 System\(^1\) is intuitive and easy to use, with a simplified 8-inch diagonal color touch-screen display that is standard on every Blazer.

- Available Hitch Guidance uses the available HD Rear Vision Camera\(^2\) overlays to help align your Blazer with a trailer.

- Available 4G LTE Wi-Fi\(^3\) provides a fast and reliable connection for up to seven devices.

\(^1\) Chevrolet Infotainment System functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. \(^2\) Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner’s Manual for more important feature limitations and information. \(^3\) Service varies with conditions and location. Requires active service plan. Data plans offered by AT&T. Visit onstar.com for details and limitations.
SAFETY AND DRIVER ASSISTANCE

HD SURROUND VISION.

- With HD Surround Vision, you're provided with a high-definition bird's-eye view of the area around the vehicle on the infotainment display.

- Helps you park and avoid nearby objects at low speeds.

- Available on Blazer 3LT, RS and Premier.

Safety or driver assistance features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner’s Manual for more important feature limitations and information.
Safety cage made with significant amounts of high-strength and ultra-high-strength steel.

Available Rear Camera Mirror

Teen Driver technology.

Safety or driver assistance features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner’s Manual for more important feature limitations and information.
SAFETY AND DRIVER ASSISTANCE

READY AND VIGILANT.

Adaptive Cruise Control – Advanced. Using sensors that include radar technology, this feature can automatically adapt cruise control speed to maintain a following gap to vehicles detected ahead. Available on RS and Premier.

Front Pedestrian Braking. At speeds below 50 mph, if an imminent collision with a pedestrian directly ahead is detected, the feature can alert you and can even apply last-second emergency braking. Performance is limited at night. Available on RS and Premier.

Enhanced Automatic Emergency Braking. If an imminent front-end collision is detected with a vehicle you are following, the feature can alert you and can automatically apply hard emergency braking or enhance driver hard braking. Available on RS and Premier.

Following Distance Indicator and Forward Collision Alert. These features monitor how close your vehicle is to the detected vehicle in front of you and can alert you to a potential crash. Available on RS and Premier.

Lane Keep Assist with Lane Departure Warning. At speeds above 37 mph, this feature monitors road lines and can gently turn the steering wheel to help keep the vehicle in its lane or provide an alert if a lane marker is unintentionally crossed. Available on RS and Premier.

Lane Change Alert with Side Blind Zone Alert. This feature can provide side mirror alerts when it detects fast-approaching vehicles in adjacent lanes as well as moving vehicles in the side mirror blind zones. Standard on 3LT, RS and Premier. Available on 1LT and 2LT.

Rear Cross Traffic Alert. This feature can alert you to detected vehicles crossing behind your Blazer when backing up. Standard on 3LT, RS and Premier. Available on 1LT and 2LT.

Rear Vision Camera. When traveling in Reverse at low speeds, this feature helps provide a view of the area immediately behind your Blazer. Standard on all models.

Rear Park Assist. When traveling in Reverse at low speeds, this feature can provide distance alerts when it detects certain stationary objects in close proximity behind the vehicle. Standard on 3LT, RS and Premier. Available on 1LT and 2LT.

StabiliTrak® Electronic Stability Control. This standard system detects the difference between the path being steered and the direction the vehicle is actually traveling. It then uses the brakes and, if necessary, adjusts engine torque to help you keep your Blazer on track.

Safety Alert Seat. This feature gives you the option of getting directional vibration pulses from the driver seat instead of beeps to indicate the direction of potential threats. Available on RS and Premier.

IntelliBeam® headlamps. When oncoming headlamps are sensed or when taillamps are detected, this feature intuitively adjusts between low and high beams. Available on RS and Premier.

Safety starts with you. Safety or driver assistance features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner’s Manual for more important feature limitations and information.

1 Late availability.  
2 Read the vehicle Owner’s Manual for important feature limitations and information.  
3 A NOTE ON CHILD SAFETY: Always use seat belts and the correct child restraint for your child’s age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner’s Manual and the child safety seat instructions for more safety information.  
4 OnStar plan, working electrical system, cell reception and GPS signal required. OnStar links to emergency services. Not all vehicles may transmit all crash data. Roadside services provided by Allstate Roadside Services for vehicles only. Limitations and restrictions apply. Stolen Vehicle Assistance requires armed GM factory-installed theft-deterrent system, contact method on file and enrollment to receive alerts. Services are intended to assist with vehicle recovery and do not prevent theft or protect against damage or loss. Visit onstar.com for coverage map, details and system limitations. Availability subject to change.  
5 Advisor-based Turn-by-Turn Navigation is subject to User Terms and limitations, and varies by vehicle model. Map coverage available in the United States, Puerto Rico and Canada.

<sup>1</sup> Chevrolet Infotainment System functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Map coverage available in the United States, Puerto Rico and Canada. 2 Go to my.chevrolet.com/learnAbout/bluetooth to find out which phones are compatible with the vehicle. Full Bluetooth feature functionality varies by device, model and software version. 3 Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply. 4 Vehicle user interface is a product of Google and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android compatible smartphone running Android 5.0 Lollipop or higher. Data plan rates apply. 5 Connected Navigation and Real-time Points of Interest (POI) only available on properly equipped vehicles. Requires paid plan or trial. Map coverage available in the United States, Puerto Rico and Canada. Visit onstar.com for details and limitations. 6 Certain features require a SiriusXM subscription and the Chevrolet Connected Access plan. See siriusxm.com and onstar.com for details and limitations. 7 Requires active service plan and paid AT&T vehicle data plan or compatible device with 3G/4G LTE tethering data plan. Visit onstar.com for details and limitations. 8 Not compatible with all devices. 9 Certain features require a SiriusXM subscription and the Chevrolet Connected Access plan. See siriusxm.com and onstar.com for details and limitations. 9 Service varies with conditions and location. Requires active service plan. Data plans offered by AT&T. Visit onstar.com for details and limitations. Availability subject to change. 10 Standard connectivity available only to original purchaser for 10 years. Services enabled by Connected Access are subject to change. Does not include emergency or security services. Diagnostic capabilities vary by model and service plan. Message and data rates may apply. Requires contact method on file and enrollment to receive alerts. Not all issues will deliver alerts. Visit onstar.com for details and limitations. 11 Read the vehicle Owner’s Manual for important feature limitations and information. 12 Late availability. 13 The system wirelessly charges one compatible mobile device. Some phones have built-in wireless charging technology and others require a special adaptor/back cover. To check for phone or other device compatibility, see my.chevrolet.com/learn or consult your carrier.
**NEW VEHICLE LIMITED WARRANTY**

3-year/36,000-mile Bumper-to-Bumper Limited Warranty. Chevrolet will warrant each 2020 Blazer from bumper to bumper for 3 years/36,000 miles (whichever comes first; see dealer for details), with no deductible, from the original in-service date of the vehicle, for warrantable repairs that are required as a result of defects due to materials and/or workmanship. Cosmetic corrosion resulting from defects is also covered under the Bumper-to-Bumper Limited Warranty. In addition, rust-through corrosion will be covered for 6 years/100,000 miles (whichever comes first). See dealer for details.

5-year/60,000-mile transferable Powertrain Limited Warranty. Every 2020 Blazer comes with a 5-year/60,000-mile (whichever comes first) transferable Powertrain Limited Warranty. 24/7 Roadside Assistance and Courtesy Transportation are also offered for the duration of the Powertrain Limited Warranty. Please see your Chevrolet dealer for details.

1 Requires available trailering equipment. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. 2 Cargo and load capacity limited by weight and distribution. 3 Maintenance visit must occur within first year of vehicle delivery. Service visit consists of ACDelco dexos2™ Full Synthetic Oil and Filter Change/Tire Rotation/MPVI. Does not include air filters. See participating dealer for other restrictions and complete details. 4 Whichever comes first. See dealer for details. 5 Roadside service provided by Allstate Roadside Services. Limitations apply. 6 Standard connectivity available only to original purchaser for 10 years. Services enabled by Connected Access are subject to change. Does not include emergency or security services. Diagnostic capabilities vary by model and service plan. Message and data rates may apply. Requires contact method on file and enrollment to receive alerts. Not all issues will deliver alerts. Visit onstar.com for details and limitations. 7 Connected services include navigation services and Remote Access Plan. Services subject to terms and limitations. Certain services require working electrical system, cell reception and GPS signal. OnStar links to emergency services. Visit onstar.com for details. Availability subject to change.
IMPORTANT INFORMATION

Chevrolet Owner Center (my.chevrolet.com). Everything you need to know. Anything you need to do. Your Chevrolet Owner Center makes it easy. Create your account today to get the most out of your new vehicle. Get special alerts and offers, schedule service, review your maintenance schedule, and view how-to videos specifically for your vehicle. All online, anytime. Visit the Owner Center today to register or take a tour.

Engines. Chevrolet products are equipped with engines produced by GM Global Propulsion Systems or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

Assembly. Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

Chevrolet Connected Services and OnStar. Connected vehicle services vary by vehicle model and require an active service plan, working vehicle electrical system (including battery), cell reception and GPS signal to function properly. Visit onstar.com for details and limitations.

A note on child safety. Always use seat belts and the correct child restraint for your child’s age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner’s Manual and the child safety seat instructions for more safety information.

Important words about this catalog. We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Mid SUV-Crossover segment and latest available competitive information. Excludes other GM vehicles.

Fleet orders. Some standard content may be deleted on fleet orders. See dealer for details.

Chevrolet ownership experience. Chevrolet is committed to enhancing the vehicle shopping and ownership experience through a wide array of programs. Visit chevrolet.com to build and price, find a vehicle, request a quote, compare vehicles, find financial tools or track your vehicle order. You’ll also find information about 24-hour Roadside Assistance, Courtesy Transportation, Customer Assistance, GM Mobility, safety and current incentives.

Chevrolet.com/safety. Chevrolet is committed to keeping you and your family safe — from the start of your journey to your destination. That’s why every Chevrolet is designed with a comprehensive list of safety and security features to help give you peace of mind.

GMmobility.com (1-800-323-9935). GM Mobility™ offers financial assistance for eligible adaptive equipment to make automotive travel easier for persons with disabilities or special transportation needs. To learn more about special GM Mobility offers, visit gmmobility.com.

The BuyPower Card. The Chevrolet BuyPower Card — Every purchase you make with the BuyPower Card from Capital One* helps you earn toward an eligible new Chevrolet, Buick, GMC or Cadillac vehicle. There’s no limit on the amount you can earn or redeem, and your Earnings don’t expire. Visit chevroletbuypowercard.com/catalogs.

* Capital One, N.A. is the issuer of the BuyPower Card. General Motors (“GM”) is responsible for the operation and administration of the Earnings program.
